

PHASA Trophy Medal Programme

Overseas clients that hunt **with PHASA members** have the opportunity to enter their trophies for PHASA Medals and Certificates.

The PHASA Medal Programme is based on the SCI Methods of Measurement. It was introduced primarily as a way to acknowledge the client's success in the form of a medal/certificate, which is issued according to the size of the trophy. Clients can qualify for gold, silver or bronze medals that come with attractive certificates that are suitable for framing. Clients that would like to take part in the Programme can check with their hunting outfitter.

SCORING INFORMATION

1. Use SCI methods of measurement for the PHASA Trophy Medal Scoring System.
2. All measurements are "Green" measurements without drying period except for White Rhinoceros horns which must be measured 30 days after collection.
3. All measurements in inches and fractions to the nearest 1/8 except for cat skulls which are measured to the nearest 1/16.
4. The PHASA trophy medal measurements are not automatic entries into any record book.

Medals/Certificates

Gold medal - 22 carat gold plated	\$50
Silver medal - pure silver plated	\$35
Bronze medal - bronze plated	\$25

Each medal is accompanied by an attractive certificate which includes hunter's name, trophy, score, place, date, and name of professional hunter and outfitter.

Sample set

Sample sets of medals and certificates are available to members for R200.00 to have on hand to promote to clients.

Commission

Members receive commission of 20 percent on every medal sold. (Refunded twice a year)

Processing

Fill in the attached entry form and send with payment to the PHASA office. Extra forms are available upon request. All major credit cards are accepted.
